

REPORT

Date: 29 October 2025, Wednesday

Time: 1:30 PM – 2:30 PM

Venue: Discussion Hall, Department of Homoeopathic Repertory and Case taking, Government Homoeopathic Medical College, Trivandrum

An awareness session on the occasion of Stroke Day was organized by the Department of Homoeopathic Repertory and Case taking, Government Homoeopathic Medical College, Trivandrum, on 29th October 2025 at 1:30 PM in the department's discussion hall.

The session commenced with a welcome address, followed by insightful talks delivered by the speakers. Dr. Aparna S. Kunnummel, Assistant Professor, Department of Homoeopathic Repertory and Case taking, delivered an informative lecture highlighting the importance of early recognition and management of stroke. The awareness program emphasized the 2025 world Stroke Day theme “every minute counts”, underscoring the importance of early recognition of stroke symptoms and prompt medical intervention to save lives and minimize long term disability. Dr. Amrutha Mahesan, PG Scholar, Department of Homoeopathic Repertory and Case taking, presented a detailed discussion on the clinical features, causative factors, and recent approaches in stroke management. Postgraduate scholars actively participated in the session, contributing to discussions and sharing their perspectives on stroke management and homoeopathic approaches.

The session concluded with an interactive discussion, where participants shared their views and clarified their doubts. The meeting proved to be highly educational and enriching, enhancing awareness about stroke prevention and management among students and faculty members. The session came to an end at 2:30 PM.
